participated in
this event*

‘Moo-ve’ over There’s two new Longhorn Steers at JSC

NASA JSC 2001-01397 photo by James Blair
The first of the two donated steers, Trident Love, is released into his new home on the JSC pasture.

On Monday, May 9, two new employees started at JSC’s Longhorn Pavilion.

Thanks to Wayne Turner and members of the Dow Chemical Company, and Bruce Withers and the Trident Energy Company, two Longhorn Steers were donated to the JSC Longhorn Project. Trident Love and DCC Ranger are the names of the new additions. Many people from NASA, the community, the Houston Rodeo and the Texas Longhorn Breeders Association of America were on hand to welcome the steers to their new home.

Along with two young steers, Joe and Terry Hlavinka also donated a new red tractor to the project. The Longhorn Project began in 1966, and continues to grow, with the help of volunteers and donations such as the one recently made.
